AAPath 2025 COMPENSATION SURVEY

AAPath 2025 Compensation Benchmarking Study Opens Today!

The AAPath Compensation Benchmarking Survey addresses a critical need for member departments to access comparative regional and national data that informs recruitment, retention, and discussions with institutional leadership. The annual survey platform is designed to confidentially collect data from participating departments and transform into a member-interrogated reporting system when the data collection period is closed. For participating departments that complete the required questions, the anonymized and aggregated results are accessible and sortable by a variety of self-selected metrics for analysis.

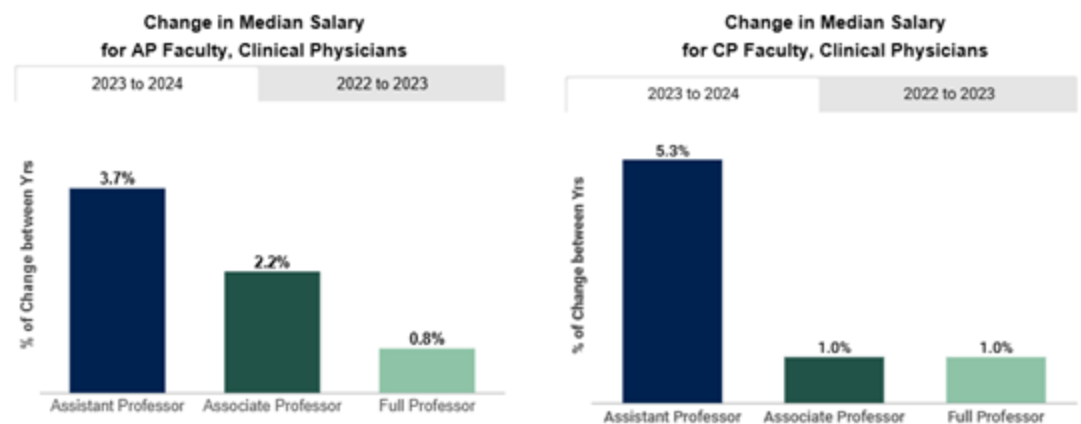

The strength of the data is only as good as the participation level of the AAPath membership, so in response to departmental feedback from the past two academic years of data collection since 2022, **we are opening the 2025 data collection period earlier and keeping it open longer, from today,**

October 31, 2025 through March 2026. To make participation in the 2025 study easier, no new questions will be added and, if you participated previously, data may be quickly copied from the previous year. Chairs and APEX members with data entry privileges will receive an email alert today with instructions from Dynamic Benchmarking, or you may go directly to [start data entry here](#).

For insights on how to submit academic pathology compensation data and how to leverage this specialty data in conversations with hospital and medical center executives, even when your institution uses other national benchmarks, like MGMA and AAMC, play back the recorded webinar produced by the Practice & Management Committee with APEX Council members on the AAPath Compensation Survey posted for members on the Past Virtual Events page: www.academicpathology.org/past-virtual-events.

Remember: Participating departments may [log-in now](#) to access up to 3 years of data and customize reports to your precise needs. Questions? Contact info@academicpathology.org. For a preview of select comparative data year over year for the faculty and admin studies, visit these infograms:

- Faculty Study: <https://infogram.com/aapath-faculty-1hxj48m1xym052v>
- Admin Study: <https://infogram.com/aapath-admin-1h9j6q7x31kw54g>

AAPath 2026 CONSOLIDATED REGIONAL MEETING

AAPath Consolidated Regional Meeting Registration Continues with Limited Spaces Remaining!

Department Chairs and Executive Administrators are invited to attend the 2nd Annual [AAPath Consolidated Regional Meeting](#) on January 16-19, 2026 for a weekend of activities,

networking and discussion of timely topics in the beautiful surroundings of [The Ritz-Carlton, Amelia Island, Florida](#).

[Registration](#) includes the early evening welcome reception and dinner for all registered attendees and guests on Friday, January 16th. Breakfasts are provided for registrants, followed by break-out discussion sessions for Chairs and Administrators, capped off by report-outs to each other in combined plenary sessions. Optional recreational and wellness [group activities](#) in the afternoons are planned for Saturday and Sunday, January 17th and 18th. The weekend culminates on Monday, January 19th with a group debriefing reflection and farewell breakfast in the morning. The preliminary schedule is [posted here](#). **[Registration is limited to the first 80 registrants](#)**. To guarantee your seat, [REGISTER TODAY](#) and join Chair/APEX colleagues from the following institutions who are already registered!

Allegheny Health Network, Boston Children's Hospital, Dartmouth Hitchcock Medical Center, Indiana University, Loma Linda University, LSU-Shreveport, Mayo Clinic-Minnesota/Arizona/Jacksonville, MD Anderson Cancer Center, Medical College of Wisconsin, Medical University of South Carolina, NEOMED/Akron Children's Hospital, New York Medical College/Westchester Medical Center, Northwestern University, Oregon Health & Science University, Penn State College of Medicine, UABMC, University of Arkansas for Medical Sciences, UCLA, UCSD, UCSF, University of Louisville, University of Miami, UNC-Chapel Hill, University of Rochester Medical Center, University of Utah, Virginia Commonwealth University, Wayne State University

While the content remains flexible, the format (featuring both large and small group/regional discussions) fosters a dynamic, engaging environment for strategic and productive conversations. Continuing the tradition of intimate regional meetings, small-group discussions in breakout rooms will be driven by and selected from crowd-sourced topics submitted by registrants. The themes of topics submitted so far include:

- Clinical & Digital Pathology
- Faculty & Talent Development
- Finance, Budget & Compensation
- Research & Academic Productivity
- Strategic Planning & Operations
- Regulatory & Government Affairs
- Productivity & Performance Metrics

The hotel reservation link for the negotiated hotel rate in the AAPath group block starting at only \$369 per night will be provided in the meeting registration confirmation message. Attendees are responsible for their hotel and travel costs. More information is posted on the AAPath Regional Meeting webpage: www.academicpathology.org/m-regional-meetings.

Register Today!

ADVOCACY UPDATES

Advocacy Updates

From the desk of AAPath's Deputy Director, [Lydia P. Howell, MD](#)

A government shut-down this past month did not mean a shut-down for AAPath's advocacy work! Here is what we have been doing to support our members:

Sign-on letters

AAPath has joined other organizations to support critical issues that affect our clinical practice, medical research and education, and patient care. Many voices together amplify the voice of the pathology and laboratory medicine. The letters are posted on the [AAPath Statements and Reports webpage](#).

- Protecting patient access to clinical laboratory services: AAPath signed a letter initiated by the Association of American Medical Colleges (AAMC) urging Congress to enact needed reforms to the Medicare Clinical Laboratory Fee Schedule (CLFS) through the Reforming and Enhancing Sustainable Updates to Laboratory Testing Services (RESULTS) Act (S. 2761 / H.R. 5269). This bipartisan, bicameral legislation will ensure the CLFS rate-setting process is based on up-to-date, representative and comprehensive market data, reduce administrative burden on clinical laboratories and Centers for Medicare & Medicaid Services (CMS), and promote diagnostic innovation by providing stability in Medicare payment.
- Seeking a National Interest Exemption (NIE) from President's \$100,000 H-1B visa fee: AAPath supported a letter from ASCP's Medical and Public Health Laboratory Workforce Coalition ([MPHLWC](#)) which urges the U.S. Department of Homeland Security (DHS) to provide H1-B visas for the pathology and laboratory medicine workforce. The letter emphasizes the looming shortage of up to 86,000 physicians by 2036 per AAMC and the U.S. Bureau of Labor Statistics estimate of an annual demand for laboratory professionals at around 22,600 positions per year. The AAMC, the American Council on Education, and the Association of American Universities have also circulated a letter opposing the \$100K H1-B visa fee and requesting industry-wide exemptions for healthcare workers and educators.
 - Update: New Guidance on H1-B Visas: On October 20th, information, guidance, and related procedures were published on the [U.S. Citizenship and Immigration Services website](#) for the Presidential Proclamation, "[Restriction on Entry of Certain Nonimmigrant Workers](#)," which significantly reformed the H-1B visa program as of September 19, 2025. Note that currently there are no industry-wide exemptions (i.e., no exemptions for physicians or laboratory workers, or other workers in shortage industries – each individual must submit for an exemption).
- Support for the NIH budget: AAPath was among many other organizations who supported a letter from the AAMC and from the Ad Hoc Group for Medical Research to the House and Senate Committees on Appropriations urging that the NIH receives no less than \$47.2 billion in addition to funding for the Advanced Research Projects Agency for Health (ARPA-H).

Are you attending the AAMC Annual Meeting: Learn Serve Lead (LSL) in San Antonio?

- If you are attending LSL this weekend, AAPath would appreciate feedback from you about issues and activities at that meeting that could be helpful in influencing AAPath's programming and goals. This is especially important right now, since AAPath is currently engaging in a strategic planning process and will be updating its next 3-year strategic plan at the Winter Council meeting in January 2026. We therefore hope you will take a moment to share your thoughts and impressions from Learn Serve Lead – or from any of AAMC's affinity group calls or meetings that you may participate in throughout the year. *Please send to Mel Limson (mlimson@academicpathology.org) and me at lhowell@academicpathology.org by November 10th*, so that we have this information to use for strategic planning and other Council/Committee considerations.

And don't forget – connect with your university or health system's government relations team to share your concerns, expertise, and help with advocacy. AAMC is encouraging local advocacy and has recently launched support sessions for state-level advocacy to strengthen collaboration across institutions, share insights, and provide resources that prepare members to respond to incoming state policies, particularly those that may later emerge at the federal level or

ANNOUNCING NEW SOCIETY MEMBERSHIP

AAPath Becomes a Society Member of the Academy for Radiology and Biomedical Imaging Research!

AAPath recently joined the [Academy for Radiology and Biomedical Imaging Research](#) (the "Academy") as the first Society Member outside of the radiology and imaging community. The Academy's mission is to advance research in medical imaging by advocating for consistent federal investment for medical imaging research. As an advocacy organization representing the imaging research community with a [diverse membership](#) including 22 imaging societies, 50 academic radiology departments, 100 patient groups, and 7 industry partners, the Academy works to increase resources and opportunities for imaging research and promotes the translation of that research to enhance human health. Academy Executive Director Renee Cruea values the new relationship "to bring on a new diverse organization and begin engaging beyond our silos." To support organizational cooperation, Past President Chen Liu, MD, PhD (Yale University), will serve as AAPath's representative on the Academy's Board. As diagnostic medicine increasingly integrates pathology and radiology, Dr. Liu aims to explore opportunities for access and exposure to the radiology network. "I am excited about the many collaborative opportunities we have in our shared mission to advance patient care, research, and education," said Dr. Liu. "I am truly enthusiastic about being on the Board and helping to catalyze future productive collaborations."

MEMBERSHIP DUES

AAPath Membership Renewals

Renew by December 31, 2025!

The 2026 AAPath membership renewal season continues! Designated department representatives and Special Members were emailed instructions in early September on how to process their membership renewals for 2026. Please review the dues invoice and ensure department membership rosters are up to date. Members will be unsubscribed from their respective listservs and not have access to members-only material after the deadline of December 31st. Note that faculty and staff, who are not currently members of an AAPath Section or Affinity Group, are eligible to join in the new General Membership category. General Members will not appear on the departmental dues invoice. *See more below about General Membership.*

We thank you for being valued members of the AAPath! For those on the AAPath Departmental roster, your one departmental dues rate provides access to education, training, information resources, and networking opportunities for **Chairs and Vice Chairs**, department executives (through **APEX**), residency program directors and associate program directors (through **PRODS**), GME program coordinators and administrators (through **GMEAS**), and directors of medical student curricula or programs (through **UMEDS**), and other professionals in our academic affinity groups. Keeping the membership roster current is vital for your department to maximize the value of AAPath membership. If you need to update your membership roster (at any time of the year),

please review the instructions and FAQs on the AAPath website at: www.academicpathology.org/membership-updates or contact us at info@academicpathology.org.

For faculty and staff who do not serve in the traditional AAPath Section leadership roles but are interested in advancing the missions of academic pathology and developing their leadership connections and opportunities through engagement with the AAPath community, the new **General Membership** category allows benefits that include the opportunity to receive AAPath announcements, attend members-only virtual events, access members-only resources, secure annual meeting membership pricing, and network with academic colleagues and leaders. General Membership is renewable annually on the anniversary of membership. Direct any inquiries to info@academicpathology.org.

We hope you enjoy the community and other benefits of AAPath membership, as we strive to better serve and represent you each year! Updates on all of AAPath's activities are provided in our monthly e-News, which are archived [here](#).

MEMBER RECOGNITION

AAPath Member Recognition

AAPath seeks to highlight major member accomplishments in this Member Recognition section of the e-News, where we spotlight special announcements, such as advancement to national leadership positions, inductions into national academies, national and international awards, national press coverage, Chair retirements, new Chair appointments, and more! If you have an announcement that you would like to share, please contact the AAPath Office at: info@academicpathology.org to let us know!

University of Missouri

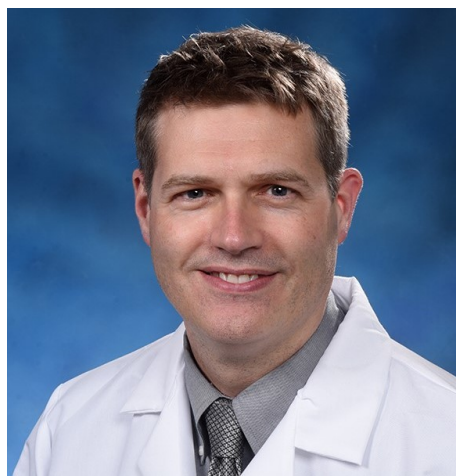

Magda Esebua, MD, appointed as Permanent Chair, effective October 1, 2025, after serving as Interim Chair since September 1, 2023.

Magda Esebua, MD

University of Maryland School of Medicine

Paul Staats, MD, appointed as Permanent Chair, effective September 29, 2025, after serving as Interim Chair since February 1, 2024. [See the announcement from the University of Maryland](#).

Paul Staats, MD

Mayo Clinic – Jacksonville

Craig Horbinski, MD, PhD, appointed as Permanent Chair, effective September 8, 2025, following Aziza Nassar, MD, MBA, who previously served as Chair from September 18, 2018, to September 7, 2025.

Craig Horbinski, MD, PhD

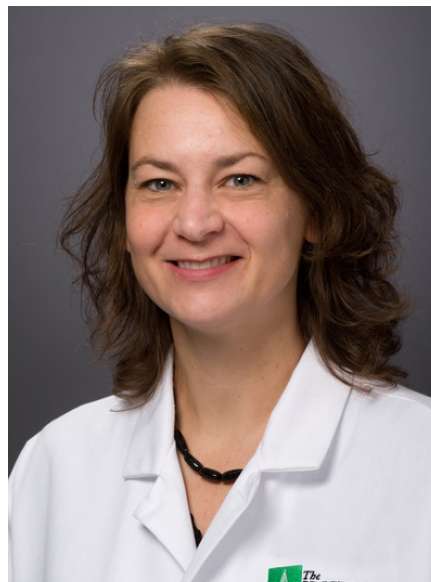

Aziza Nassar, MD, MBA

University of Vermont

Andrew Goodwin, MD, appointed as Interim Chair, effective July 21, 2025, following Rebecca Wilcox, MD, who served as Acting Chair since June 20, 2025.

Andrew Goodwin, MD

Rebecca Wilcox, MD

University of Cincinnati Medical Center

David Steward, MD, appointed as Interim Chair, effective June 9, 2025, following Dani Zander, MD who has retired and is now a member of the AAPath Senior Fellows Group.

David Steward, MD

Dani Zander, MD

AFFINITY GROUPS

AAPath Affinity Groups – Chairs Can Appoint Faculty Leaders!

AAPath Committees have established affinity groups to address important needs relevant to academic pathology departments. Chairs may appoint faculty leaders to join these groups. More information and appointment processes can be found by clicking the links below for the most active groups who regularly meet via Zoom:

- [Communications Professionals Group](#) (CPG)
- [Clinical Service Leaders Committee](#) (CSLC)
- [Vice Chairs for Research](#) (VCR)

SECTION COUNCIL LEADERSHIP

Nominate Now for AAPath Section Council Leadership Opportunities

Member Section activities are driven by volunteer leaders, who work hard throughout the year to advocate for members and plan professional development opportunities such as the Annual Meeting programming. Section Councils will soon launch the nominations process this fall for leadership governance for the 2026-2027 academic year, with nominations due by December 31, 2025. Positions scheduled to appear in the ballot are detailed below. Click the links below to learn more about each Member Section's Council.

- [AAPath Council](#)
 - President-Elect
 - Chair, Practice & Management Committee
 - Chair, Research Committee
- [PRODS Council](#)
 - Vice Chair
 - Associate Secretary
 - Members-at-Large
- [UMEDS Council](#)
 - Chair-Elect
 - Secretary-Elect
 - Members-at-Large
- [APEX Council](#)
 - Northeast Regional Representative
 - West Regional Representative
- [GMEAS Council](#)
 - Chair-Elect
 - Secretary-Elect
 - Members-at-Large

APLF LEADERSHIP PROGRAM

Prepare to Apply for AAPath Pathology Leadership Fellows (APLF) Program

The APLF application period opens on December 15, 2025, and closes on February 9, 2026!

We are excited to announce the application period for the 2026-27 Class of APLF Fellows will open on December 15, 2025 and close on February 9, 2026! The APLF program cultivates leadership potential and opportunities by providing experiences and education that accelerate understanding and competency in the skills required for academic administration. The APLF program is suitable for mid-to-senior level faculty (assistant, preferably associate, professor level faculty) pursuing vice chair, director, chief or chair roles. No more than two participants will be selected from any one AAPath member department in good standing (current dues paid). For more information about the program and how to apply, visit www.academicpathology.org/aplf.

PSTP RECRUITMENT INTO PATHOLOGY

Updated AAPath Resource for Physician-Scientist Recruitment into Pathology

AAPath has resources for both current and prospective trainees and for Program Leaders linked from www.academicpathology.org/physician-scientist-training, which were recently updated.

- **For Program Leaders**, several methods to attract research-oriented and MD/PhD students into pathology are listed at: www.academicpathology.org/PSTP-Recruitment. Additionally, an updated four-slide presentation for recruitment into Pathology is utilized by the AAMC as a resource on [Training the Physician Scientist](#) webpage along with other specialties. AAPath members are encouraged to [download and use the slide set](#), “Pathology: Applying Science to Diagnostics in Medicine,” at medical student and trainee forums for making them aware of the opportunities in Pathology. An alternate [one-page summary](#) is also posted at the [AAPath PSTP Recruitment](#) webpage.
- **For trainees and medical students**, the AAMC provides an overview of [PSTP programs in multiple specialties](#), including Pathology. With contributions of information about member department PSTP programs, the AAPath keeps a dynamic listing of PSTP Program in

www.academicpathology.org/PSTP-Pathology

UPCOMING DEADLINES

AAPath 2026 Quality Improvement and Patient Safety (QIPS)

Scholarship Forum Call for Abstracts

Deadline: Monday, December 1, 2025

PRODS will again host the AAPath QIPS Scholarship Forum in the coming academic year. The Forum was established in 2024 to further residents’ and fellows’ participation and success in scholarship, while raising awareness among programs to the many ways that quality improvement and patient safety (QIPS) values are being learned and applied. The Forum furthers the goals of ACGME’s PDPQ program, in which several pathology residency programs participated in 2023 and 2024.

Abstracts should be written with the intent of improving patient safety and/or quality in the clinical environment, and may be based on residents’ QI projects. The Abstract Review Committee will review submissions and select abstracts via the criteria listed on the [QIPS Scholarship Forum webpage](#). Please encourage residents or fellows to [submit their abstracts](#) **no later than Monday,**

December 1st, to enable the continued development of this valuable resource and scholarship opportunity!

For reference, abstracts for the 2025 QIPS Scholarship Forum were published as a [supplement to Academic Pathology’s Volume 12, Issue 2](#). Congratulations to those authors who achieved this milestone in scholarship and thank you for modeling the value of QIPS learning to other training programs!

AAPath 2026 Annual Meeting Call for Abstracts

Deadline: Monday, December 1, 2025

On behalf of the Undergraduate Medical Educators Section (UMEDS) and the Pathology Residency Program Directors Section (PRODS), the AAPath invites members, faculty, staff, trainees, and other stakeholders to submit abstracts for poster presentations during the AAPath 2026 Annual Meeting at the Hilton Boston Park Plaza in Boston, Massachusetts, July 19-22, 2026. Abstracts should describe innovations anywhere in the continuum of education, i.e., from undergraduate medical education (UME) to graduate medical education (GME), or educational leadership and faculty/career development in an academic environment. For more information, please visit the AAPath 2026 Annual Meeting landing page at:

www.academicpathology.org/aapath2026 or directly visit the online submission form:
www.surveymonkey.com/r/AAPath2026Abstracts.

Call for Society of '67 Kinney Scholars and APEX Fellow Awards

Deadline: Wednesday, December 31, 2025

The **Kinney Scholars Program** provides an opportunity for **medical students and pathology residents** to familiarize themselves with career opportunities in pathology and the critical role of pathology in healthcare delivery, research, and education through access to national leaders in academic pathology attending the AAPath Annual Meeting. For eligibility requirements and application instructions, please visit the AAPath website at: www.academicpathology.org/m-s67-scholars. Similarly, the **Academic Pathology Executives Section (APEX) Fellowship Program** provides an opportunity for emerging pathology executives (**APEX Affiliate Members**) to attend the APEX Program at the AAPath Annual Meeting with funding that covers the APEX meeting registration fee. For eligibility requirements and application instructions, please visit the AAPath website at: www.academicpathology.org/m-s67-fellows

Call for Nominations: AAPath 2026 Member Awards

Deadline: Wednesday, December 31, 2025

The nomination period for [AAPath's 2026 Service Awards](http://www.academicpathology.org/awards) is NOW OPEN through **December 31, 2025**. Don't wait! Nominate a colleague today by visiting www.academicpathology.org/awards. AAPath is pleased to annually honor leaders in academic pathology—past and present—with the following awards:

- [Association for Academic Pathology Distinguished Service Award](#)
- [Margaret Grimes Distinguished Achievement Award in Graduate Medical Education](#)
- [Michele Raible Distinguished Achievement Award in Undergraduate Medical Education](#)
- [Academic Pathology Executives Section Distinguished Service Award](#)
- [Graduate Medical Education Administrators Section Distinguished Service Award](#)

Click on the award links above to see each award's criteria, process, prior recipients, and the online form to submit a nomination package. Email awards@academicpathology.org to let us know you are interested in nominating a dedicated Chair, Program Director, Medical Educator, Department Administrator, or Program Coordinator. We will answer your questions and send helpful reminders about the status of their nomination package to ensure completion by December 31st. Recipients will be honored and recognized at the AAPath 2026 Annual Meeting, July 19-22, 2026, in Boston, MA!

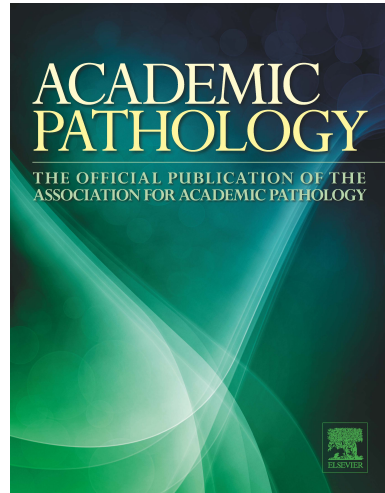

PUBLICATIONS

What's New in *Academic Pathology*

Academic Pathology is AAPath's **fully open-access, PubMed-indexed, peer-reviewed journal** and part of the world-class collection of journals and pathology resources published by Elsevier, with visibility to a global audience of academic leaders through Science Direct and Clinical Key.

***Academic Pathology's* 2024 impact factor increased to 1.3 (from 1.2 in 2023 and 1.0 in 2022) and the journal is now ranked 61 of 90 journals in the Pathology category – one more reason to [submit your manuscript](#) to AAPath's official journal!**

Recently Published Articles in *Academic Pathology*

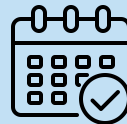

- **Re-envisioning the rotating medical student anatomic pathology educational experience: integration of asynchronous histology modular content with clinical service work under a fluid rotation model**, A. Tannenbaum, et al. Regular Article First Published October 7, 2025: <https://doi.org/10.1016/j.acpath.2025.100225>
- ***Evolution of diversity and inclusion excellence within an academic pathology professional organization: historical perspective, progress, and a model for others**, L. Howell, et al. Research Article First Published October 26, 2025: <https://doi.org/10.1016/j.acpath.2025.100224>
- **Perceived gaps in preparation for pathology residency and opportunities for improvement**, B. Ritschel, et al. Regular Article First Published October 26, 2025: <https://doi.org/10.1016/j.acpath.2025.100223>

*Reflect on and appreciate AAPath's history since its establishment in 1967. The paper highlights how the organization has evolved and adapted over time, consistently focusing on fostering leadership development within a diverse community of leaders in academic pathology departments.

VIRTUAL EVENTS

Upcoming Events

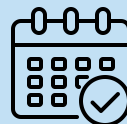

Thursday, November 19th

2:00pm–3:00pm ET (1:00pm CT/12:00pm MT/11:00am PT)

APEX Brown Bag: Sharing Experiences on Medical Directorships & Part A

The registration link to the Zoom event will be sent to APEX Members only.

Thursday, December 11th

1:00pm–2:00pm ET (12:00pm CT/11:00am MT/10:00am PT)

AAPath Compensation Survey – How does it help me? Insights and Leverage

*AAPath Hot Topics Webinar Series: Dialing Into Digital Pathology:
Perspectives from the University of Miami*

Register at the AAPath Upcoming Virtual Events Webpage!

Past Virtual Events

In case you missed any of the latest virtual events, see the recordings of this past month's AAPath Virtual Events for members only at: www.academicpathology.org/past-virtual-events, including:

AAPath Compensation Survey – How Does It Help Me? Insights and Leverage, held on Thursday, October 30th from 2:00–3:00pm ET, provided an overview of AAPath's Compensation Survey. The session offered guidance on completing, analyzing, and using the upcoming 2025–26 data collection to inform decision-making and support professional growth.

AAPath Hot Topics Webinar Series: Dialing Into Digital Pathology: Perspectives from Mount Sinai, held on Thursday, October 16th from 1:00–2:00pm ET, featured insights from the Icahn School of Medicine at Mount Sinai. Dr. Carlos Cordon-Cardo discussed how digital pathology enhances patient safety, operational efficiency, and departmental revenue, emphasizing the importance of communicating pathology's value across the healthcare system.

SOCIETY OF '67 UPDATES

Society of '67

Society of '67 Updates – *Donate Today and Join the Board!*

Fall Fundraising for Society of '67 Programs in 2026

Programs of the Society of '67 are made possible by the generosity of donors. Your generous donations this calendar year directly support the Society of '67 programs next year, so consider **DONATING** before the end of 2025 to cultivate and inspire the future leadership of academic pathology! Learn more about the Society of '67, named for AAPath's founding year in 1967, by visiting: www.academicpathology.org/societyof67. **[DONATE TODAY](#)** and make a difference for the future of academic pathology!

Want to have a more direct impact on the recipients of the Society of '67 awards? Consider serving on the Society of '67 Board! Donors who have contributed at least \$500 for membership to the Society of '67, since last November through today, October 31, 2025, are eligible to be nominated/self-nominated to serve on the Society of '67 Board in 2026 (12 of 15 Board seats are currently filled). To self-nominate or nominate an eligible candidate, please email Mel Limson (mlimson@academicpathology.org) the candidate's (a) full name, affiliation, email address, and (b) a statement of interest to serve on the Society of '67 Board **no later than today, October 31, 2025**.

Sponsoring Opportunities:

- **New in 2025!** Donate at least \$5,000 to be a named sponsor for the **2026 Trainee Project Grants in Health Services Research or Education!** See program information at: www.academicpathology.org/m-s67-grants
- Donate at least \$2,500 to be a named sponsor of a medical student or pathology resident in the **Kinney Scholars Program** to attend the AAPath 2026 Annual Meeting and experience academic pathology leadership. While a \$2,500 donation provides a named sponsorship, contributions starting at \$500 qualify donors for membership to the Society of '67. [Donate today](#) to cultivate and inspire the future leadership of academic pathology!

Other Programs:

- **The Academic Pathology Executive Section (APEX) Fellowship Program** provides an opportunity for developing the careers of emerging and new pathology administrators (Affiliate APEX Members) to network with the community of administrators at the AAPath Annual Meeting and beyond.
- **Open Access Publication Awards** cover the article processing fee for a research article or educational case published in AAPath's journal, *Academic Pathology*, by a student or trainee. Eligible authors can apply throughout the year.
